SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In connection with the above-entitled matter, Applicants proffer Patent Office Form PTO-1449, including copies of the references listed therein. Applicants are not submitting a copy of the US Patent as the office waived the requirement. The present application is a continuation-in-part under 37 CFR 1.53(b) of PCT International Serial No. PCT/SE2005/000354. These references were cited against the Chinese counterpart application. The claims in the present application are believed to be patentably distinguished over these references.

This information disclosure statement is being made pursuant to the duty of disclosure imposed by law and formulated in 37 CFR 1.56(A). No representation is made that the information thus disclosed in fact constitutes prior art or that it is the closest prior art, inasmuch as 37 CFR 1.56(A) relies on a materiality concept which depends on subjectivity.
